Activity Report

As part of our academic activities, on December 9, 2021, a team of selected students and faculty members of the college, made a visit to the GIFB (Global Islamic Foundation for the Blind), an organization situated at Pulikkal and has been working for the rehabilitation of the visually impaired, the deaf and dumb for many years. Our main purpose of the visit was to create awareness among the new generation about the indigent people in the society. 18 students accompanied with 2 faculty members took part in the trip.
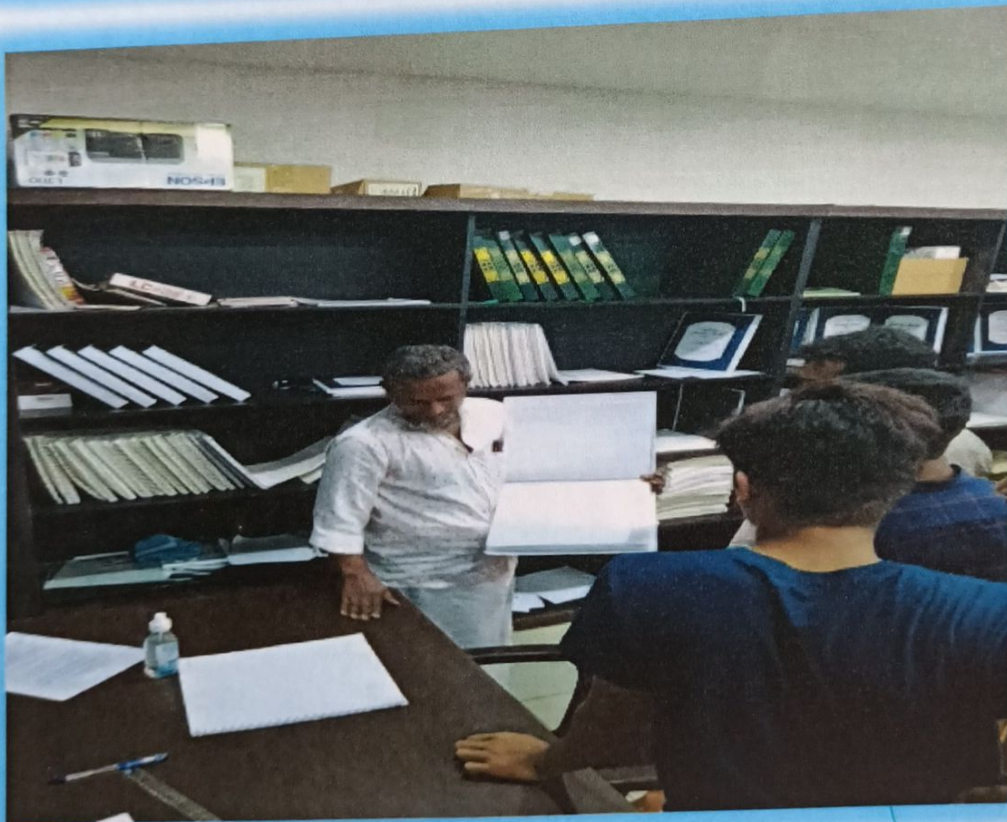

VISIT REPORT

The visit gave a lot of pleasant experiences for our students. Through this memorable trip, we assimilated the positive thinking from the life of the inmates, the way theybravely overcome the shortcomings, miseries and hardships of life. Although there was no fun experiences like in normal excursions or adventures that are common on field visits, this trip taught our students a lot of meaningful lessons in life. We were very happy that this institution has been implementing a number of remarkable events to help the marginalized in the society and to uplift them socially, culturally and intellectually.
