**Report of Field Visit
to MAHAR Ayurvedic Hospital & Research Centre, Pulikkal**

Malabar Ayurvedic Hospital and Research Centre (MAHAR) is one of the popular Ayurvedic hospitals in Malabar. A fully equipped multi-specialty Ayurvedic hospital holding on to traditional Ayurvedic principles, by evenly mixing tradition and modern scientific information helps cure the patients of their diseases. It has a panel of expert doctors, experienced therapists, fully fledged Panchakarma theatres and sophisticated Biochemistry lab.

The trip was on 10/12/2021 started at 7.30. Two faculty members of our college Moosa and Ramees PK accompanied the students. The PRO at the hospital guided us and explained the whole activities of the hospital including their herbal garden. They are practicing a variety of treatment in Ayurveda mixed up with siddha-marma. They have also a good collection of herbal-Ayurvedic plants and trees.

In the afternoon the students got a chance to watch the Ayurveda-marma treatment for their patients in the hospital. The PRO explained how to plant and preserve Ayurvedic plants in our home and he also gave a practical orientation on how to maintain a herbal garden in the college.
