BOOMITHRA SENA CLUB

Submitted to;

THE NATIONAL ASSESSMENT AND ACCREDITATION COUNCIL (NAAC)

Assessment Period 2016-21

BHOOMITHRA SENA CLUB MUAC

Addressing environmental issues is a multidisciplinary task and for its objective accomplishment, a strong action on awareness building is essential. If taken up at the cutting-edge levels, it helps in changing the attitude of the society. For attaining this objective, it is appropriate to exploit the enormous manpower available with the students because they form the most important community having influence both in the family and in the society and also devoid of any vested interests. The central programme 'National Green Corps' is being pursued at school level eco-club. For strengthening the environmental commitment of students at college level in the State, Directorate of Environment & Climate Change (DoECC) has launched the 'Bhoo Mithra Sena' programme. Through this programme, it is intended to establish Bhoo Mithra Sena Clubs (BMCs) in all districts through the colleges of the State. Now it is extended to Higher Secondary Schools in the State as well.

BHOOMITHRA SENA CLUB

AN OVERVIEW

Addressing environmental issues is a multidisciplinary task and for its objective accomplishment, a strong action on awareness building is essential. If taken up at the cutting edge levels, it helps in changing the attitude of the society. For attaining this objective, it is appropriate to exploit the enormous manpower available with the students because they form the most important community having influence both in the family and in the society and also devoid of any vested interests. The central programme 'National Green Corps' is being pursued at college level eco-club. For strengthening the environmental commitment of students at college level in the State, Directorate of Environment & Climate Change (DoECC) has launched the 'Bhoo Mithra Sena' programme. Through this programme, it is intended to establish Bhoo Mithra Sena Clubs (BMCs) in all districts through the colleges of the State. Now it is extended to Higher Secondary Schools in the State as well.

Objectives:

- To develop responsible attitude and commitment in students to the environment, both at home and community.
- To encourage the students to appreciate environment and environmental issues of the locality
- To provide environmental education opportunities for students and involve them in addressing environmental issues of the locality
- To utilize the enormous manpower available with students as conduits for awareness of the society
- To make students practice and advocate sustainable lifestyles
- To improve the overall environmental quality of the institution.

NATIONAL POLLUTION CONTROL DAY

BICYCLE RACE
PERIYAMBALAM TO KONDOTY

2021 DECEMBER **02** THURSDAY 4.30 PM

Sponsored by:
The Cradle Foundation | BHOMITHRA SENA MUAC | NATIONAL SERVICE SCHEME (NSS) UNITS (23&169)

The rally started from Collage. The cyclists, many of whom were students, chanted slogan 'cycle chalaoparyavaranbachao' (ride the bicycle to save the environment) during the rally. Earlier, inaugurating the rally, Malappuram Municipal standing committee chairman Mrs. Sareena Haseeb hailed the effort and said, "residents of the city, who are now faced with an an ever-increasing problem of traffic congestion and atmospheric pollution, must seriously consider the option of cycling for short distances."

Public Awareness and Assistance

The Board is actively promoting public awareness on environmental issues and pollution problems. Board"s quarterly newsletter "PARISTHITHI VAARTHA" is made available free of charge to all public libraries and to those interested in the protection environmental. In addition dissemination of information on environment related issues is being attempted through lectures, seminars, symposia, radio and T.V. programmes, hoarding, stickers, leaflets etc.

Serious efforts are made by the Board to educate the people on the importance of environmental protection and for redressing complaints of the public on pollution problems. The redressal of such complaints is being co-ordinated from Head Office.

Bhoomithra Sena Member's decided to protest bicycle rally as awareness on behalf of National Pollution Control Day of December 02.

20-01-2022, Thursday at 12 PM @ College Auditorium

Our country has an inseparable bond with craft. Our country was well known for the goods that was produced by our ancestors. Craft was one of the major sources of products along with spices and jewels. Invasion of the Europeans especially the British weakened all the sectors of our country including craft.

To revive our heritage of craft, it is included as various courses in different academic fields and the government makes sure the nurturing process is on the go by establishing various institutions and organizations. In this regard, Madeenathululoom Arabic College has conducted a ‘One day craft workshop’ on 10th December 2021 under the SOA wing. The main intension of this programme was to train students to reuse the waste papers to create useful products. It was a free of cost program aimed to gather interested students who were fond of craft. Hopefully, the students of our college answered the call of our country. MsHajara led the workshop. The workshop was very successful in all aspects
